EN

Kabi means nest in Basque. That place where you feel comfortable, cozy, and just fine. It is the simple things that are the key to small pleasures.

ES

Kabi significa nido en euskera. Ese lugar es el que te sientes cómodo, acogido, simplemente bien. No necesitamos mucho para sentirnos así. Esa es la clave de los pequeños placeres.

FR

Kabi signifie nid en Basque. Cet endroit où on se sent confortable, accueilli, simplement bien. On n'a pas besoin des grands choses. Cela est la clef des petits plaisirs.

EU

KABIA, eroso sentitzen garen tokia da, bilduta, beti ondo. Ez dugu askorik behar horrela sentitzeko. Hori da plazer txikien gakoa.

The KABI collection is the result of an exercise in design with the concept of obtaining the maximum amount of configurations using the minimum number of components.

The polypropylene shell is the key element of this collection with a timeless image. It provides great comfort thanks to the subtle flexibility of the material, this allows the user to find their most comfortable seating position naturally.

The KABI shell is available in a wide range of colours and can also be upholstered (seat only or fully) in fabric or soft leather. The KABI program of seating consists of several pieces: from the basic chair with and without arms - ideally used in cafeterias, to the versions with swivel aluminum bases or wire frame including the stool in 2 heights- more suitable for the office and hotel interiors.

ES

La colección KABI es el resultado de un ejercicio de diseño con la premisa inicial de obtener el máximo de sensaciones utilizando la mínima cantidad de recursos.

La monocarcasa de polipropileno es la pieza clave de esta colección, con una imagen atemporal concebida para durar en el tiempo, dotada de un excelente confort gracias a la sutil flexibilidad de su respaldo que permite a cada usuario encontrar la posición que más se adecue a su cuerpo.

La carcasa KABI está disponible en un amplio abanico de colores. Así mismo, se ofrece la posibilidad de tapizar el asiento o la carcasa completa, en tela o piel. El programa KABI está integrado por numerosas piezas: desde la básica silla con y sin apoyabrazos, para un idóneo uso en hostelería, hasta las versiones con base de aluminio giratoria, más aptas para la oficina o interiorismo de hoteles.

La collection KABI est le résultat d'un exercice de design. Nous voulions avoir le maximum de sensations en utilisant peu de ressources.

La mono carcasse en polypropylène est la clé de cette collection. Une image atemporel conçu pour durer dans le temps. Doté avec un excellent confort grâce à la flexibilité du dossier.

La carcasse KABI est disponible en plusieurs couleurs et elle peut également être recouvert en tissu. Le programme KABI est intégré par des nombreux pièces : Chaise basique avec ou sans accoudoirs, idéal pour hôtellerie ou des versions avec structure pivotant en aluminium plus adéquat pour bureau ou pour des projets d'intérieur.

KABI kolekzioa, gutxieneko baliabide kopurua erabiliz sentsazio gehien lortzearen diseinu ariketa baten emaitza da.

Pieza gakoa, polipropilenoazko KABI eserlekua da, denboran zehar irauteko diseinatua, eta duen malgutasuna dela eta edozein erabiltzaileari egokitzen zaiona.

Eserlekua hainbat koloretan dago eskuragarri. Gainera, eserlekua soilik tapizatu daiteke edota pieza guztia tela edo larruan. KABI programaren barruan hainbat aukera daude; 4 hanka dituen aulkia, besoekin edo gabe, hotel eta jatetxeetan erabiltzeko aproposa, edota aluminio eta gurpilak dituen, bulego proiektuentzat egokia dena.

The background of the image is a repeating pattern of gold-colored geometric shapes, specifically interlocking triangles that create a complex, maze-like or optical illusion effect. The lines are thin and consistent in color. In the center of the image, the word "AKABA" is written in a bold, white, sans-serif font. Below it, the tagline "Motion and Emotion" is written in a smaller, white, sans-serif font.
