# DESIGN LINKED TO FUNCTIONALITY

Casala specialises in the production of stylish contract furniture that excels in both design and functionality. With our furniture we offer solutions for various spaces and occasions. "Design linked to Functionality" is deeply rooted within our DNA and plays a major role in the design process. We work together with leading designers in our industry. More than hundred years of experience in the furniture industry guarantees that Casala furniture also offers a lot of comfort and ease of use in addition to good design.

# ABOUT CASALA

Casala was founded in 1917 in Lauenau, near Hannover (Germany). In the early years, wooden shoe soles were produced there, but soon the change was made to the production of wooden furniture. Over time, the focus was placed on metal and upholstered furniture with a sustainable character.

## NL

Casala is in 1917 opgericht in Lauenau, nabij Hannover (Duitsland). In de beginjaren werden daar houten schoenzolen geproduceerd, maar al snel werd de omslag gemaakt naar de productie van houten meubelen. Na verloop van tijd werd de focus gelegd op metalen en gestoffeerde meubelen met een duurzaam karakter.

## DE

Casala wurde 1917 in Lauenau, in der Nähe von Hannover (Deutschland), gegründet. In den Anfangsjahren wurden dort hölzerne Schuhsohlen hergestellt, doch schon bald wurde auf die Produktion von Holzmöbeln umgestellt. Im Laufe der Zeit wurde der Fokus auf Metall- und Polstermöbel mit nachhaltigem Charakter gelegt.

## FR

Casala a été fondé en 1917 à Lauenau, près de Hanovre (Allemagne). Dans les premières années, l'usine fabrique des semelles de chaussures en bois, mais elle se tourne rapidement vers la fabrication de meubles en bois. Au fil du temps, l'accent a été mis sur le métal et le mobilier tapissé à caractère durable.

Nowadays Casala is located in Culemborg (NL) with offices in Germany, England and France. Currently Casala offers a complete collection of high-quality contract furniture, soft seating, circular and refurbished furniture.

**NL**  
Tegenwoordig is Casala gevestigd in Culemborg (NL) met vestigingen in Duitsland, Engeland en Frankrijk. Vandaag de dag biedt Casala een complete collectie hoogwaardig projectmeubilair, soft seating, circulair en gereviseerd meubilair.

**DE**  
Der Hauptsitz befindet sich heute in Culemborg (NL) mit Niederlassungen in Deutschland, England und Frankreich. Heutzutage bietet Casala eine komplette Kollektion an hochwertigen Objektmöbeln, weichen Sitzmöbeln, nachhaltigen und aufgearbeiteten Möbeln.

**FR**  
De nos jours, Casala est installé à Culemborg (NL) et possède des filiales en Allemagne, en Angleterre et en France. Actuellement, Casala propose une collection complète de meubles contract, de canapés et de meubles circulaires et rénovés haut-de-gamme.

# QUALITY

Technique, design and our values are the key elements that guarantee Casala's quality. Our furniture is produced in the Netherlands. The parts are delivered by highly qualified suppliers with whom we have been working for many years. Partly due to this, our furniture complies to the latest technical developments and is manufactured with the greatest care. A guarantee of five years on material and construction goes without saying for us. Thanks to the established quality requirements and the production control processes, Casala furniture guarantees excellent quality and a long lifespan.

## NL

Techniek, ontwerp en onze waarden zijn de elementen die Casala's kwaliteit garanderen. Ons meubilair wordt geproduceerd in Nederland. De onderdelen worden geleverd door hoogwaardige leveranciers, waarmee wij al jaren samenwerken. Mede hierdoor voldoet ons meubilair aan de allernieuwste technische ontwikkelingen en wordt het met de grootste zorg vervaardigd. Een garantie van vijf jaar op materiaal en constructie is voor ons vanzelfsprekend. Dankzij de opgestelde kwaliteitseisen en controle van productieprocessen staat Casala meubilair garant voor een uitstekende kwaliteit en een lange levensduur.

## DE

Die Technik, das Design und wir selbst sind Elemente, welche die Qualität von Casala ausmachen. Unsere Möbel werden in den Niederlanden hergestellt. Die Teile werden von hochwertigen Lieferanten geliefert, mit denen wir seit Jahren zusammenarbeiten. Nicht zuletzt deshalb entsprechen unsere Möbel dem neuesten Stand der Technik und werden mit größter Sorgfalt hergestellt. Eine fünfjährige Garantie auf Material und Konstruktion ist für uns selbstverständlich. Dank der aufgestellten Qualitätsanforderungen und der Kontrolle der Produktionsprozesse sind Casala-Möbel ein Garant für ausgezeichnete Qualität und lange Lebensdauer.

## FR

Technique, design et engagement personnel sont les ingrédients de la qualité Casala. Notre mobilier est produit aux Pays-Bas. Les pièces sont fournies par des partenaires hautement qualifiés, avec qui nous travaillons depuis de nombreuses années. Notre mobilier est ainsi fabriqué avec le plus grand soin et bénéficie des développements techniques les plus récents. Dès lors, offrir une garantie de cinq ans sur les matériaux et la construction va de soi. Grâce aux exigences de qualité et aux contrôles des procédés de production, le mobilier Casala rime avec qualité irréprochable et longévité.

# CASALA CIRCULAR

**Our goal in terms of the Circular Economy is simple but effective: successful corporate social responsibility with the focus on a sustainable world. To achieve this, we take steps in all areas that help us and our clients to create beautiful and functional furniture with as little impact on the earth as possible. In doing so, we do not only look at our own activities. We are also constantly looking for the optimal circular working methods with our suppliers and clients.**

## NL

Onze doelstelling ten aanzien van de Circulaire Economie is simpel maar effectief: succesvol maatschappelijk verantwoord ondernemen met de focus op een duurzame wereld. Hiervoor nemen we op alle gebieden stappen die ons en onze klanten helpen om mooie en functionele inrichtingen te realiseren, met zo min mogelijk impact op de aarde. Wij kijken hierbij niet enkel naar onze eigen activiteiten. Ook met onze toeleveranciers en klanten zoeken wij continu naar de optimale circulaire werkwijze.

## DE

Unser Ziel in Bezug auf Kreislaufwirtschaft ist einfach, aber effektiv: Erfolgreiche Corporate Social Responsibility mit Fokus auf eine nachhaltige Welt. Zu diesem Zweck unternehmen wir Schritte in allen Bereichen, die uns und unseren Kunden helfen, schöne und funktionelle Einrichtungen mit möglichst geringen Auswirkungen auf die Erde zu schaffen. Hierbei betrachten wir nicht nur unsere eigenen Aktivitäten, wir sind auch mit unseren Lieferanten und Kunden ständig auf der Suche nach der optimalen zirkulären Arbeitsweise.

## FR

Notre objectif par rapport à l'économie circulaire est aussi simple que concret : réussir à entreprendre de manière responsable en participant à un monde durable. Pour ce faire, nous agissons dans tous les domaines qui nous permettent, ainsi qu'à nos clients, de réaliser des aménagements aussi beaux que fonctionnels avec un impact minime sur la planète. Dans cette démarche, nous ne nous contentons pas de prendre nos propres activités en considération. Avec nos fournisseurs et nos clients, nous sommes constamment à la recherche des méthodes de travail circulaires optimales.

# CASALA COLLECTION & CIRCULARITY

The Casala furniture collection is extremely suitable for the Circular Economy. For all Casala products, we guarantee the recovery and re-use to the highest possible level according to the 10 R levels of circularity, including existing Casala products.

**NL**  
De Casala meubelcollectie is uitermate geschikt voor de Circulaire Economie. Wij garanderen terugname en hergebruik, op een zo hoog mogelijk niveau volgens de 10 R-niveaus van circulariteit, voor alle Casala producten. Ook voor bestaande Casala producten.

**DE**  
Die Casala-Möbelkollektion eignet sich hervorragend für die Kreislaufwirtschaft. Wir garantieren für alle Casala-Produkte die Rücknahme und Wiederverwendung in höchster Qualität gemäß den 10 R-Stufen der Kreislaufwirtschaft. Dies gilt auch für bestehende Casala-Produkte.

**FR**  
La collection de meubles Casala est parfaitement adaptée à l'économie circulaire. Pour tous les produits Casala, nous garantissons la reprise et la réutilisation de la plus haute qualité selon les 10 niveaux « R » de la circularité. Il en va de même pour les produits Casala existants.

# CURVY CIRCULAR

The Curvy Family programme has a circular alternative, where the plastic seats and backs are made from 100% recycled material. The new components are made from plastic household waste. This results in a plastic seat and back made of 100% recycled material, which are available in 4 colours; Ocean Blue, Forest Green, Stone Grey and Lava Black.

## NL

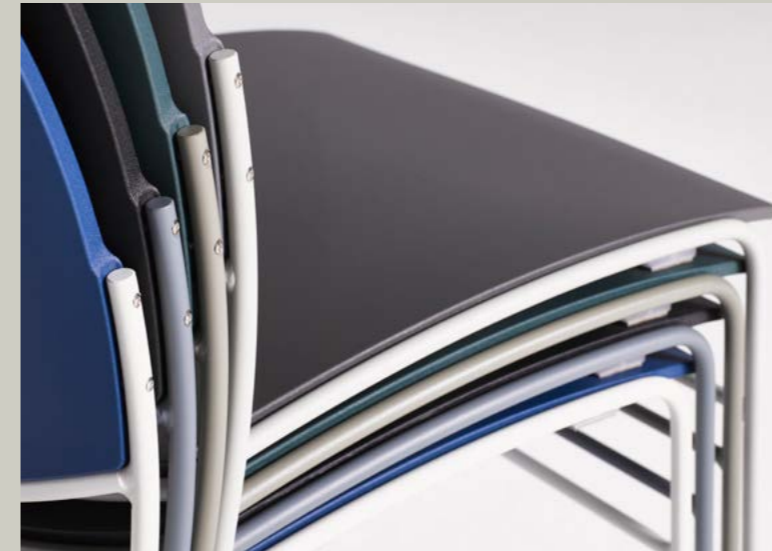

Het Curvy Family programma heeft een circulaire variant, waarbij de kunststof zitting en rugleuning voor 100% vervaardigd zijn uit plastic huisafval. Hiermee ontstaat dus een kunststof zitting en rug van 100% gerecycled materiaal beschikbaar in 4 kleuren; Ocean Blue, Forest Green, Stone Grey en Lava Black.

## DE

Das Curvy Family Programm enthält eine recycelte Variante, bei der Sitzfläche und Rückenlehne zu 100 % aus Kunststoff-Haushaltsabfällen hergestellt werden. Das Ergebnis ist ein Kunststoffstoffsitz und eine Rückenlehne aus 100% recyceltem Material, die sogar in 4 Farben erhältlich sind; Ocean Blue, Forest Green, Stone Grey und Lava Black.

## FR

La gamme Curvy Family existe en version circulaire, avec une assise et un dossier fabriqués en matériaux 100% recyclés à partir de déchets ménagers en plastique. Le résultat: une assise et un dossier en plastique entièrement recyclé, disponible en 4 coloris: Ocean Blue, Forest Green, Stone Grey et Lava Black.

# FABRIC COLLECTION

Casala's fabric collection consists exclusively of four different qualities; Arizona, Alaska, Dakota and Georgia. The fabrics meet key international fire safety standards. These unique textiles are made of fibres and yarns that have permanent flame retardant traits – a far cry from fabrics that are merely treated with a flame retardant surface finish. As such, Casala fabrics offer safety in the long term. In addition to our own fabric collection, our products use fabrics and leather from a range of leading textile suppliers.

## NL

De Casala stoffencollectie bestaat uit vier kwaliteiten; Arizona, Alaska, Dakota en Georgia. Deze stoffen voldoen aan de belangrijkste internationale brandveiligheidsnormen. De stoffen zijn opgebouwd uit vezels en garens die permanent vlamvertragend werken, in tegenstelling tot de stoffen die in een later stadium een oppervlaktebehandeling krijgen. De Casala stoffencollectie biedt hierdoor veiligheid op lange termijn. Naast onze eigen stoffencollectie leveren wij stoffen en leder van uiteenlopende gerenommeerde stoffenleveranciers.

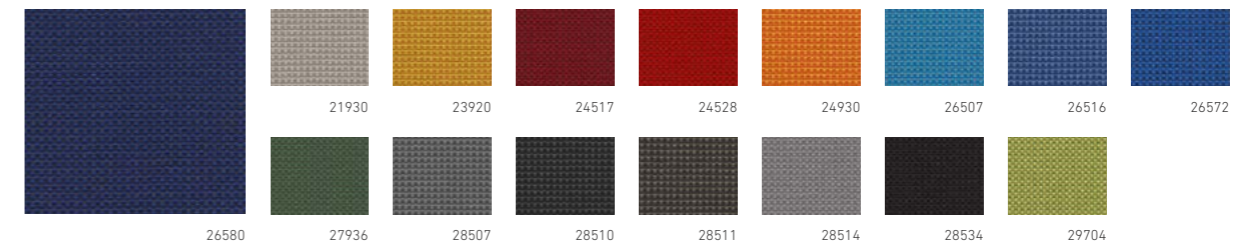

## DE

Die Casala-Stoffkollektion besteht aus vier Qualitäten; Arizona, Alaska, Dakota und Georgia. Diese Stoffe entsprechen den international geltenden Brandschutznormen. Im Gegensatz zu Stoffen, die bei der späteren Verarbeitung eine Oberflächenimprägnierung erhalten, die jederzeit herausgewaschen werden könnte. Die Casala-Stoffkollektion bietet daher langfristige Sicherheit. Neben unserer eigenen Stoffkollektion bieten wir Stoffe, Kunstleder und Leder von zahlreichen namhaften Stofflieferanten.

## FR

La collection de tissus Casala se compose de quatre catégories; Arizona, Alaska, Dakota et Georgia. Ces tissus répondent aux normes de sécurité incendie internationales. Les tissus sont composés de fibres et de fils qui ont reçu un traitement retardateur de flammes permanent, contrairement aux tissus recevant un traitement de surface à un stade ultérieur. De ce fait, la collection de tissus Casala offre une sécurité à long terme. En plus de notre propre collection de tissus, nous proposons des tissus et des cuirs provenant de fabricants réputés.

# TABLE TOP FINISHES

Casala table top products are exclusively manufactured with E1-grade wood and MDF that meets European quality standards. In addition, all wood used in our table tops is PEFC™ or FSC® certified. Ask for our FSC® certified products. Casala table tops are manufactured with Döllken Fusion edges, which results in perfect, rock-solid and adhesive-free connections. In addition, Casala offers the possibility to supply the table tops in a variety of wood veneers.

## NL

Casala maakt uitsluitend gebruik van hout en plaatmateriaal dat voldoet aan de Europese normen voor kwaliteitsklasse E1. Het hout dat in onze tafelbladen is verwerkt, is PEFC™ of FSC® gecertificeerd. Vraag naar onze FSC®-gecertificeerde producten. Casala tafelbladen worden standaard geproduceerd met Döllken Fusion randen. Hierdoor wordt een perfect lijmvrrije ijzersterke verbinding gecreëerd. Daarnaast biedt Casala de mogelijkheid om de tafelbladen te voorzien van diverse houtfineren.

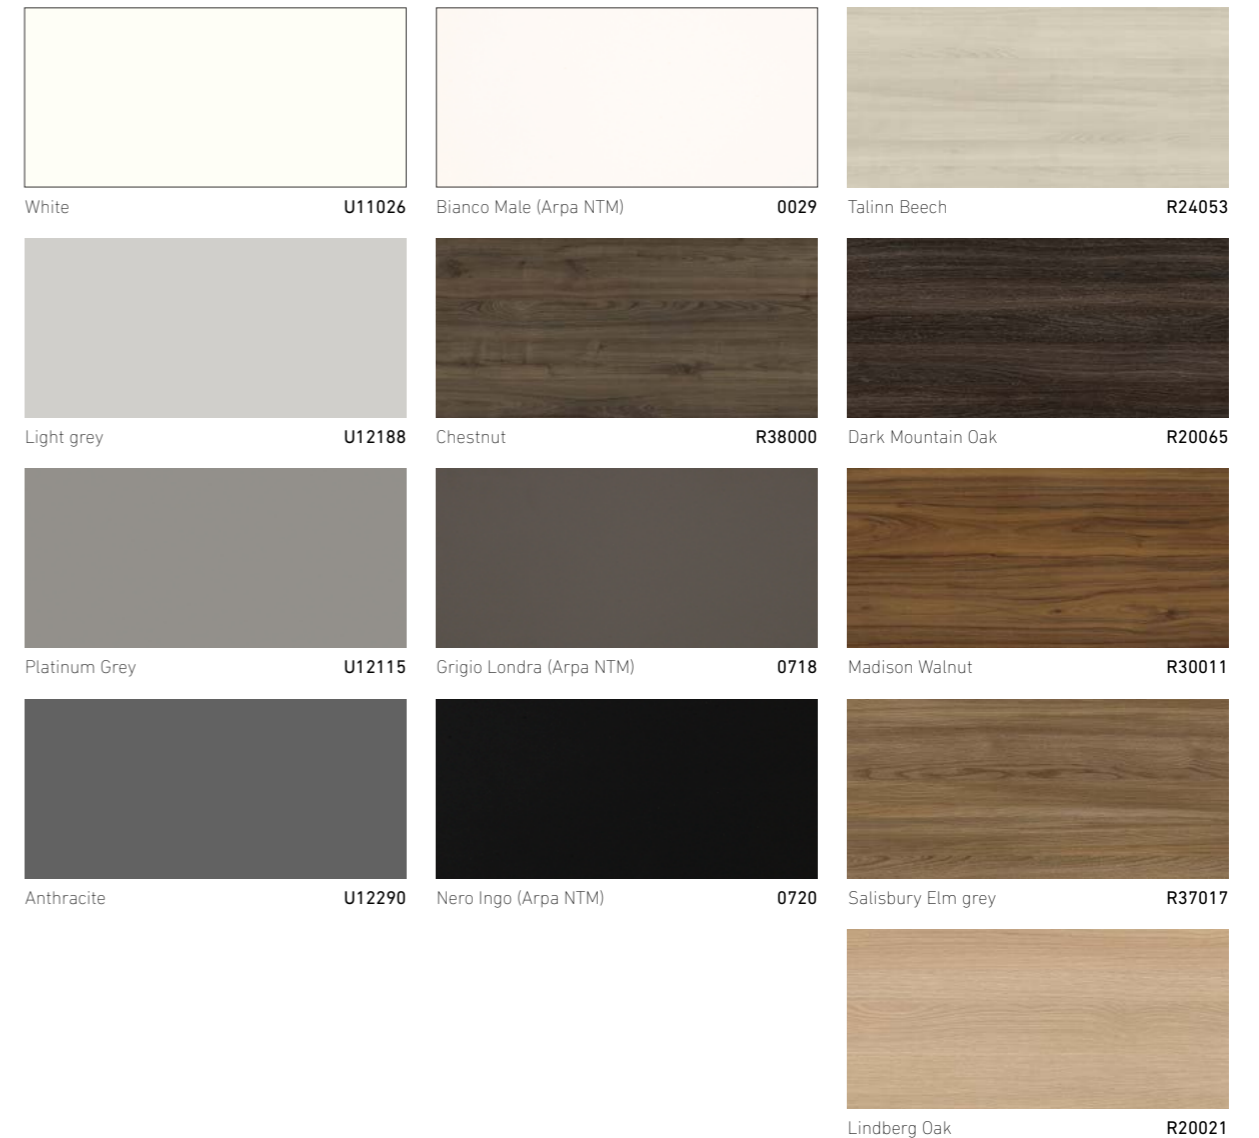

## DE

Casala verwendet nur Spanplatten, die den europäischen Normen der Qualitätsklasse E1 entsprechen. Das gesamte in unseren Tischplatten verarbeitete Holz ist PEFC™ oder FSC®-zertifiziert. Fragen Sie nach unseren FSC®-zertifizierten Produkten. Die Casala-Tischplatten werden alle mit Döllken-Fusion-Kanten gefertigt. Dadurch entsteht eine perfekte klebstofffreie fugenlose Verbindung. Außerdem bietet Casala die Möglichkeit, die Tischplatten mit verschiedenen Holzurnieren zu versehen.

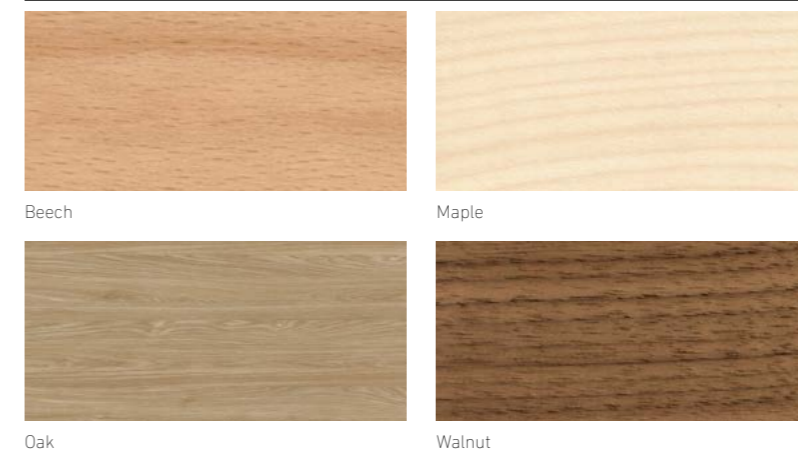

## FR

Casala a exclusivement recours à du bois et à des tôles répondant aux normes européennes E1. Tout le bois intégré dans nos plateaux de tables est certifié PEFC™ ou FSC®. Demandez nos produits certifiés FSC®. Les plateaux de tables Casala sont produits en standard avec des chants Döllken Fusion, permettant un parfait et solide assemblage sans colle. Casala propose en outre des plateaux de tables dans différents placage bois.

# LACQUER & STAINING

Casala products are treated with water-based lacquers and staining agents. As such our products are less harmful to people and to the environment. All wood components can be finished with a fire resistant lacquer on request, bringing the product in line with international fire safety standards.

## NL

De Casala lakken en beitsen, waarmee onze houtproducten worden behandeld, zijn op waterbasis. Hierdoor zijn zij minder schadelijk voor mens en milieu. Indien gewenst kunnen de houten onderdelen voorzien worden van een brandwerende lak, waarmee het product voldoet aan internationale eisen die worden gesteld aan brandveiligheid.

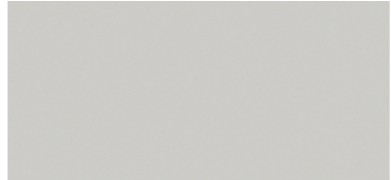

## DE

Die Lacke und Beize von Casala, mit denen die Holzprodukte behandelt werden, sind auf Wasserbasis. Sie sind daher weniger schädlich für Mensch und Umwelt. Falls gewünscht können die Holzteile mit einem schwer entflammbaren Lack versehen werden, womit das Produkt die internationalen Anforderungen erfüllt, die für den Brandschutz gelten.

## FR

Les vernis et teintes de bois Casala utilisés pour le traitement des produits en bois sont à base d'eau. De ce fait, ils sont moins nocifs pour l'homme et l'environnement. A la demande, les éléments en bois peuvent également être traités avec un vernis ignifuge, permettant au produit de répondre aux exigences internationales imposées en matière de sécurité incendie.

# POWDER COATINGS & CHROME

All of our powder coatings are free from toxic substances and do not use raw materials that contain heavy metals. All excess coating product used during the manufacturing process is collected and re-used. The entire Casala range is chrome plated with Chrome III - a metal similar in colour to Chrome VI but with a far lower environmental impact. Chrome III meets the most stringent requirements with regard to REACH and CSR guidelines.

## NL

De gebruikte poederlakken zijn vrij van giftige stoffen en zwaar metaalhoudende grondstoffen. Tijdens het productieproces wordt de overtollige poederlak volledig opgevangen en hergebruikt. De complete collectie van Casala wordt met Chrom III verchromd. Een materiaal met dezelfde kleur als Chrom VI, maar met een veel lagere milieubelasting. Chrom III voldoet aan de scherpste eisen met betrekking tot REACH en MVO-richtlijnen.

## DE

Die verwendeten Pulverbeschichtungen enthalten keine giftigen Stoffe oder Rohstoffe mit Schwermetallen. Während der Herstellung wird das überschüssige Pulver vollständig aufgefangen und wiederverwendet. Die komplette Kollektion von Casala wird mit Chrom III verchromt. Ein Material mit gleicher Farbe wie Chrom VI, doch mit einer viel geringeren Umweltbelastung bei der Herstellung. Chrom III erfüllt höchste Anforderungen in Bezug auf REACH und die CSR-Richtlinien.

## FR

Les époxy utilisés ne contiennent pas de substances toxiques ni de métaux lourds. Durant le processus de fabrication, l'excédent de produit est totalement récupéré et réutilisé. L'ensemble de la collection Casala est chromé avec du Chrome III. Il s'agit d'un matériau de couleur identique au chrome VI, mais avec un impact nettement inférieur sur l'environnement. Le chrome III satisfait aux exigences les plus élevées des directives REACH et CSR.

# FOAM & SPRINGS

**Our furniture has a timeless design, solid construction and is made from high quality, environmentally responsible materials. Imagine steel nosag springs, which are mounted on a solid wooden frame with seating elements. In addition, in almost all soft seating elements, high-quality HR Eco foam is used. A layer of Dacron is placed over the foam. This protects the upholstery from direct contact with the foam and drastically reduces the friction and wear of the fabric. These are the most influential factors that define the design, the comfort and the lifespan of our furniture.**

## NL

Onze meubelen hebben een tijdloos design, een stevige constructie en zijn vervaardigd uit hoogwaardige, ecologisch verantwoorde materialen. Denk hierbij aan stalen nosag veren, welke bij zitelementen worden gemonteerd op een massief houten frame. Daarnaast wordt er in vrijwel alle soft seating zitelementen gebruik gemaakt van hoogwaardig HR Eco schuim. Over het schuim wordt een laag Dacron aangebracht. Hierdoor wordt de stoffering beschermd tegen direct contact met het schuim en wordt wrijving en slijtage van de stof drastisch gereduceerd. Dit zijn de meest invloedrijke factoren die het design, het comfort en de levensduur van onze meubelen bepalen.

## DE

Unsere Möbel sind zeitlos im Design, mit solider Konstruktion und aus hochwertigen, umweltfreundlichen Materialien gefertigt. Denken Sie hierbei an Nosagfedern aus Stahl, die bei Sitzelementen auf einen massiven Holzrahmen montiert werden. Außerdem wird bei fast allen weichen Sitzelementen hochwertiger HR ECO-Schaum verwendet. Auf dem Schaum wird eine Schicht Dacron aufgebracht. Dies schützt die Polsterung vor direktem Kontakt mit dem Schaumstoff und reduziert die Reibung und den Verschleiß des Gewebes drastisch. Dies sind die wichtigsten Faktoren, die das Design, den Komfort und die Haltbarkeit unserer Möbel bestimmen.

## FR

Nos meubles sont intemporels, résistants et fabriqués avec des matériaux de qualité respectueux de l'environnement. Tel est le cas, par exemple, des ressorts zigzag en acier, montés pour nos assises sur un cadre en bois massif. En outre, dans la plupart de nos canapés, nous utilisons une mousse HR Eco haut-de-gamme. Une couche de Dacron vient ensuite recouvrir la mousse. Le garnissage est ainsi protégé contre tout contact direct avec la mousse, ce qui réduit considérablement les frottements et l'usure du tissu. Ces facteurs influencent grandement le design, le confort et la durée de vie qui caractérisent nos meubles.
